@JAPANESEHEADSPACO

“ Experience the fusion of ancient traditions and modern wellness in our Japanese Head Spa Rituals. ”

ABOUT US

In the middle of busy modern life, where stress and noise often overwhelm the senses, we created a sanctuary where care becomes a ritual and time feels slower. Japanese Head Spa Co. was founded by industry professionals with over 25 years of experience in hair, beauty, and wellness, guided by a simple belief: true beauty begins at the roots of the hair, mind, body, and spirit. We set out to bring the ancient Japanese head spa tradition into the modern world, blending timeless wisdom with contemporary wellness. Japanese Head Spa Co. was born from that dream. A platform where salons, therapists, and educators could find everything they need to excel — accredited training, thoughtfully crafted products, and professional tools — all designed to help them deliver calm, restorative, and transformative experiences for their own clients.

Today, Japanese Head Spa Co. is more than a brand. It is a community of professionals who share a love for excellence, authenticity, and holistic wellness. We celebrate every success, every skill honed, every professional who carries this art forward. Because at the heart of it, our story is about people, passion, and purpose about helping others create moments of calm, renewal, and beauty in the world.

*Love,
The Japanese Head Spa Co. Team xx*

VISION

As we are the world's leading Japanese Head Spa brand, we are committed to defining the global standard in education, professional tools, and premium products. We continue to uphold our position at the forefront of the industry, inspiring professionals worldwide to deliver authentic, transformative experiences and maintaining a global network of excellence in wellness and craft.

MISSION

Japanese Head Spa Co. exists to empower professionals, uphold the highest standards, and grow a global community dedicated to Japanese head spa. We do this through accredited training, premium ethically crafted products, professional-grade tools, and a trusted platform that connects and supports salons, therapists, and educators worldwide.

5-STAR CLIENT REVIEWS

Skin Spa Essex
1 month ago

★★★★★

I attended the Japanese Head Spa Training today with Maria and it was amazing.

We covered some key theory we previously did online which was really beneficial. We then got to do practical work where clear demonstrations and techniques were shown. We then got to do the practical ourselves which was really helpful to understand clients, client needs, desires and techniques.

Overall Maria was great and so was the training. 10/10

★★★★★

Today I attended a face to face course with Maria, and it was an incredibly informative, educational, and enjoyable experience. From the very first minute, Maria made everyone feel completely at ease. She created a welcoming and supportive environment where no question felt too small.

She explained everything clearly and in a way that was easy to understand. Her approachable and friendly manner really encouraged participation and made the whole session both productive and fun.

I would highly recommend this course to anyone considering it!

Thanks Maria!

★★★★★

I did the Japanese Head Spa course yesterday and honestly loved it! It was such a great experience from start to finish. The teacher was really knowledgeable and explained everything in a way that was easy to understand, and the hands-on practice made it even better.

The whole vibe was calm and welcoming, and I left feeling confident and excited to start using what I learned. So glad I booked it — would definitely recommend to anyone thinking about doing it!

★★★★★

I had a fantastic day training in Japanese Head Spa with Nicole. She was an amazing trainer really knowledgeable, friendly, and made the whole course fun and engaging. No question ever felt silly and everything was explained so clearly. We also had a lovely group which made the day even better. I left feeling confident and inspired. Highly recommend! 🌸

I've just completed my Japanese Head Spa training and i cannot recommend them enough. From the theory to the practical it was so in depth and informative. I can confidently say I am more than confident in providing luxury head spa treatments to all my clients 🌸 A massive thank you to Julie and Theo who were so kind and supportive whilst training me 💖

I want to say thank you to Maria for giving me the time and effort to help me set up My Japanese head spa business. always on the other end of the phone 📞 if I need any questions answered. Also a big thank you to mick for delivering the head spa unit personally himself and show us how to set up. I don't think any other companies offer this service. This was a massive help. The cherry blossom products are amazing to smell lovely 🌸. Thanks guys for everything from training and overall continued support

I've had an absolutely great experience with doing a course and ordering head spa unit from Japanese Head Spa Co! After being let down by another company for 8+ week wait (was told it would only be 3-4 weeks) on a unit. Japanese Head Spa Co came to the rescue and got one to me ASAP. I can't thank them enough!

In-person training course was great as well! Belli was very knowledgeable and answered all questions we had as well as making the training day enjoyable 🌸

ROSE STEAM THERAPY EYE MASK

Self-heating eye mask infused with rose aroma to relieve eye strain, reduce fatigue, and promote calm relaxation.

HOT STEAM THERAPY HAND & FOOT WARMER

Self-heating patches that deliver gentle warmth to help soothe tired hands and feet and promote relaxation.

SCALPLABTM

AI SCALP ANALYSIS

— BY JAPANESE HEAD SPA CO —

COMING
SOON

www.japaneseheadspaco.com

Japanese Head Spa Co is introducing ScalpLab, the first dedicated AI-powered scalp analysis platform created specifically for professional therapists and salons.

This innovative system transforms traditional scalp consultations by enabling precise image-based analysis of scalp and hair conditions, helping practitioners quickly identify concerns and deliver more consistent, evidence-based treatments.

By combining diagnostic technology with intelligent guidance, the platform supports personalised treatment planning, product recommendations, lifestyle changes, and long-term scalp health tracking.

SCALP ANALYSIS TOOL

ScalpLab also integrates seamlessly with the **Japanese Head Spa Co Scalp Analysis Tool**, allowing therapists to capture high-quality scalp imagery and instantly translate it into actionable insights within the platform.

We are bringing a new level of structure and professionalism to head spa practice, helping therapists enhance client outcomes while standardising scalp care across the global Japanese Head Spa Co ecosystem.
