- ✓ Can also be used freestanding without plumbing
- ✓ Optional Shower Head Function – Available when plumbed in

Please Note: While plumbing is recommended to use the showerhead function, the unit functions effectively without it. We strongly advise using a qualified plumber for installation to ensure correct setup and maintain warranty coverage. Japanese Head Spa Co. is not responsible for any issues arising from incorrect installation.

We'll personally deliver and set it up for you, complete with UK instructions, control panel, UK plugs, and a 6-month warranty—ready for you to start delighting your clients!
